---

With a keen eye for design and a knack for turning ideas into reality, I have successfully collaborated on various projects that have left a lasting impact on my learning as a MERN Stack Developer (specializing in Front End Web Development). Currently, I'm expanding my skill set by delving into the world of software engineering, driven by the desire to contribute to innovative product and service development.

My technical proficiency includes:

- Web Development: HTML5, CSS (Vanilla, TailwindCSS, SASS), JavaScript (ReactJS, NodeJS/Express), Python, WordPress, User Experience and User Interface Design (Figma)
- Graphic Design: Adobe Creative Suite (Photoshop, Illustrator, InDesign), Corel Draw
- Video Editing: Premiere Pro, After Effects, Davinci Resolve
- Presentation Skills: Presenting ideas with confidence and impact.

## EXPERIENCE

**Graphic Designer**

Oct 2023 - Present

*Serv-U Hub*

As a Graphic Designer at Serv-U Hub, I am responsible for creating a consistent branding image for the business and designing promotional materials that capture the brand's

essence. My work is a blend of creativity and strategy, where I use my artistic skills to create visually appealing designs that communicate the brand's message effectively.

**Graphic Design Specialist**

Jan 2022 - Present

*Adobe Creative Suite / Branding; Cre8Steve Designs*

As a Graphic Design Specialist and Founder at Cre8Steve Designs, I leverage my expertise in Adobe Creative Suite to create visually compelling branding solutions for clients across various industries. With a strong focus on content marketing, I design engaging visual assets that captivate audiences and drive brand recognition.

**Office Secretary and Logistics Manager**

Feb 2017 - Sep 2022

*Association of Resident Doctors, UBTH, Benin City*

As the Office Secretary at the Association of Medical Doctors, I played a pivotal role in ensuring the smooth operation of daily clerical activities and supporting essential functions of the association.
